Summary

Detail-oriented Network Engineer passionate about designing, configuring, and maintaining robust network infrastructures. Proficient in routing and switching protocols, network virtualization, and troubleshooting complex connectivity issues. Strong foundational knowledge in network architecture and server management, dedicated to ensuring high availability and system reliability.

Work Experience & Projects

Ho Chi Minh City University of Technology (HCMUT)

Enterprise Network Design and Simulation Project

2025-11 to 2026-01

Design, simulate, and test a secure, high-availability three-tier network infrastructure for a critical enterprise with a headquarter (7 floors, 120 workstations) and two regional branches.

- Designed a Three-tier network architecture (Core/Distribution/Access) with secured Inside, Outside, and DMZ zones
- Configured OSPF routing, HSRP for High Availability, and dynamic NAT policies via Cisco Packet Tracer
- Implemented VLAN segmentation, rigorous Access Control Lists (ACLs), and secure Site-to-Site VPN tunnels

Cloud-Arena (University Project)

Fullstack Web Developer

2026-04 to 2026-05

Developed a custom PHP MVC e-commerce web application, taking charge of the product catalog, shopping cart system, and admin management module.

- Built the client-facing product catalog with search functionality and the shopping cart interface.
- Developed the admin dashboard to perform CRUD operations on products and manage order statuses.
- Implemented comprehensive client-side and server-side validation to ensure data security.

Education

Ho Chi Minh City University of Technology (HCMUT)

Bachelor of Science in Computer Science

2023-09 to Present

Skills

- **Network Engineering (Intermediate):** Cisco Packet Tracer, Network Architecture, OSPF Routing, VLAN
- **Frontend Development (Intermediate):** React, JavaScript, TypeScript, HTML/CSS, Tailwind CSS
- **Backend Development (Intermediate):** Node.js, Python, FastAPI, WebSockets, PostgreSQL, PHP, MongoDB
- **Cybersecurity (Intermediate):** Network Security, Linux, Log Analysis, Threat Visualization

Languages

- **English:** Intermediate
- **Japanese:** JLPT N3 Candidate

Certificates

Academic Performance Award - Semester 2 (2024 - 2025)

Issuer: Ho Chi Minh City University of Technology (HCMUT) - Office for International Study Programs

Google Cybersecurity Professional Certificate

Issued: 2026-05 | Issuer: Google (via Coursera)

Google Network Security Specialization

Issued: 2026-05 | Issuer: Google (via Coursera)

Google IT Support Professional Certificate

Issued: 2026-05 | Issuer: Google (via Coursera)

Google AI Professional Certificate

Issued: 2026-05 | Issuer: Google (via Coursera)

Google Project Management Professional Certificate

Issued: 2026-05 | Issuer: Google (via Coursera)
